

A night of music, fun, & a giant pile of oysters

For 36 years, our annual Oyster Roast has been the most anticipated event for Sound Rivers and our members – great food, local beer, live music and the coming together of people who have worked all year to preserve the health of the Neuse and Tar-Pamlico rivers. Sponsorship allows us to continue the tradition, bringing the clean-water community oysters galore, home-made cocktail sauce, chili, chowder and the opportunity to meet your local riverkeepers and the staff supporting the work they do.
